

Department of Medicine Resident Research Day 2024 Winners

Best Oral Presentation, PGY1-7 (2 awarded):

Nisha Howarth (PGY5)

Supervisor: Dr. Anouar Teriaky

Title of abstract: Reducing Inappropriate Gamma-Glutamyl Transferase Testing for Inpatients: A Quality Improvement Initiative in Lab Waste Reduction Applying the Model for Continuous Improvement

Best Oral Presentation, PGY1-7 (2 awarded):

Zack Singer (PGY6)

Supervisor: Dr. Luiz Ybarra

Title of abstract: Driving Restrictions and Incapacitation Vulnerability Evaluation in Patients with ST Elevation Myocardial Infarction (DRIVE-STEMI)

Best Oral Presentation, Undergrad or Postgrad (1 awarded):

Virginia Solitano (Clinical Fellow)

Supervisor: Dr. Vipul Jairath

Title of abstract: Towards patient-centricity: why do patients with Inflammatory Bowel Disease Participate in Pharmaceutical Clinical Trials? A Mixed-Methods Exploration of Study Participants

Best Poster Presentation, PGY1-3 (2 awarded):

Tayyaba Bhatti (PGY2)

Supervisor: Dr. Dervla Connaughton

Title of abstract: Sex, Gender, and Racial Differences in Uptake of Genetic Testing in Chronic Kidney Disease

Best Poster Presentation, PGY1-3 (2 awarded):

Aidan McKee (PGY3)

Supervisor: Dr. Cyrus Hsia

Title of abstract: Describing a cohort of secondary erythrocytosis patients at London Health Sciences Centre: population characteristics, clinical outcomes, and management practices

Best Poster Presentation, PGY4-7 (1 awarded):

Anton Nikouline (PGY7)

Supervisor: Dr. Ian Ball

Title of abstract: Prophylactic Non-Invasive Ventilation for Patients High Risk for Extubation Failure: A Quality Improvement Initiative

Best Poster Presentation, MSc/MD/Undergrad (1 awarded):

Meggie Vo (MSc)

Supervisor: Dr. Tianqing Peng

Title of abstract: Mitochondrial ROS-induced SerpinA3 expression protects cardiomyocytes against doxorubicin-induced injury

Best Poster Presentation, PhD/Post-Doctoral/Clinical Fellow (1 awarded):

Aminmohamed Manji (PhD)

Supervisor: Dr. Sean Gill

Title of abstract: The role of aging on pulmonary microvascular endothelial barrier function during mechanical ventilation

Margaret Banks Research Prize in Geriatric Medicine (1 awarded):

Shany Gertzbein (PGY5)

Supervisor: Dr. Margaret Taabazuing

Title of abstract: How Do We Identify Hearing Impaired Patients Admitted to the Geriatric Rehabilitation Unit at Parkwood Hospital Based on Review of Medical Records?

Quality Improvement Award (1 awarded):

Anton Nikouline (PGY7)

Supervisor: Dr. Ian Ball

Title of abstract: Prophylactic Non-Invasive Ventilation for Patients High Risk for Extubation Failure: A Quality Improvement Initiative
