

April 2024

Dear Meds 2028,

Welcome to Schulich Medicine!

We know that your arrival at Schulich is the product of many years of hard work. Your personal strengths and passion for the study of Medicine have and will continue to serve you well in the years that are to come.

The Learner Experience Office is dedicated to supporting a future generation of physicians in their personal wellbeing, academic success and professional development. Our office participates in many ways to support your experience at Schulich in both the good times and the not so good times. We are your “go to” people for your questions about your physical and mental health, learning supports, career choice and transitions, financial issues and concerns about your learning environment. For more information on what we do, please visit our webpage at https://www.schulich.uwo.ca/learner_experience/

In London we are located in Room K1, in the Kresge Building (tel. 519-661-4234). In Windsor, you'll find us in Room 2124A of the Medical Education Building (tel. 519-253-3000 x 4312).

We are genuinely interested in your well-being and are keen on seeing you succeed during the next four years. Please keep in touch with us and should you experience any worries or concerns, come and see us. We are here for you!

Dr. Robert Stein

Associate Dean,
Learner Experience
