Faculty Evaluation Form

Instructions to Residents:

What we are asking: To complete this form for all supervisors that you had meaningful interactions with on this rotation. Please note that this is not an evaluation of the rotation or other elements outside of your supervisors' control.

Why: The (*Department of...../Division of....*) takes teaching very seriously, and we want your input to help our faculty do their best. Honest, constructive and professional evaluation of faculty is a key professional obligation of postgraduate learners.

How we will use this information:

- Serious issues or concerns that you raise will be flagged and the xxxx program and xxx Divisional/Departmental Chair will follow up.
- Individual faculty will receive aggregate summaries of all their evaluations, with comments, annually. Faculty do not receive any summaries unless and until there are a minimum of five evaluation forms submitted.
- Your evaluation will never be linked to you.
- The ...division/department...program uses aggregate data obtained over at least one year to evaluate the quality of teaching in a rotation, site or the program as part of program continuous improvement.

Questions? Please see (link to PGME website information for residents)

PROGRAM NAME

Supervisor Name:	
Rotation:	
Block/Dates:	

	n/a	Strongly disagree	Disagree	Neither agree or disagree	Agree	Strongly agree
1. Functions effectively as a consultant, demonstrating mastery of knowledge and skills of the discipline.	0	0	0	0	0	0
