Claims must be submitted to Nephrology within one month of attendance at a conference/course.

When you join the program please ensure you have completed an EFT form and returned to Anne Marie Dyson, or there will be delays on your first claim.

If a claim is submitted without the claim form or with incorrect or missing receipts it will not be processed and will be returned.

Receipt requirements are on Page 2 and the Claim Form is on Page 3.

Each Nephrology trainee (PGY 4-5) is permitted up to \$2,000 for each academic year, \$1,400 from Nephrology and \$600 to be claimed through the Department of Medicine. PGY4 & 5's who are not MOH funded may be eligible to receive the full \$2,000 from Nephrology, if there are no other means of funding from their sponsoring authority.

Any remaining funds from the PGY 4 year will carry-over into the PGY 5 year. All claims must be submitted by the end of the PGY5 year, there will be no further funding or carry-over beyond that date.

This funding can be claimed up to the maximum amount above, to use for educational activities during PGY4-5 years with the Division of Nephrology. These funds are not allocated to each trainee personally but are held in an account which allows claims for legitimate educational receipts only. These funds rely annually on fundraising; therefore, any unused funds will remain in the account to support the education the activities of future trainees.

Guidelines for Department of Medicine claims are on Page 4.
